

SUSSEX COUNTY CHARTER SCHOOL FOR TECHNOLOGY

385 North Church Road, Sparta, New Jersey 07871

Phone: 973.383.3250 Fax: 973.383.2901

September 3, 2015

To Whom It May Concern;

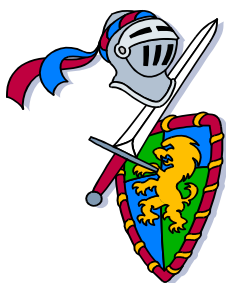

According to (N.J.S.A.) 18A:36-39 (P.L. 2013, c44) the school is required to notify you of the following.

Please be aware that all students who use an electronic device on the Sussex County Charter School for Technology's network and the corresponding online software (Google Classroom, Oncourse, Gmail, etc.) that is provided by the school for academic purposes are monitored. While on campus, the school can maintain a log of where and for what a student uses the school provided computer. The school can access that school computer during the day as needed to verify the activities of a student.

While off campus, any student who uses the software provided by the school can be monitored **ONLY** for those applications that are provided by the school. This is to verify the academic activities of a student.

Accordingly, students will only be allowed access to school computers or software after parental acknowledgement of this information. This is only required to be an acknowledgement of the law and your protections and is not considered consent. Your acknowledgement ensures that the school has met the requirement of the law by informing you through this notice. However, if this signed parent acknowledgement is not returned, then the student will not be permitted to use the school's network or software/hardware, according to N.J. law.

Please see attached to sign acknowledgement of your rights and protections according to the law (N.J.S.A.) 18A:36-39 (P.L. 2013, c44)

This is acknowledgement that I, _____ have read and understand the following:

A school district or charter school that furnishes a student with a laptop computer, cellular telephone, or other electronic device shall provide the student with written or electronic notification that the electronic device may record or collect information on the student's activity or the student's use of the device if the electronic device is equipped with a camera, or global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device. The notification shall also include a statement that the school district or charter school shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student. The parent or guardian of the student shall acknowledge receipt of the notification. The school district or charter school shall retain the acknowledgement as long as the student retains the use of the electronic device.

Name of Student

Signature of Parent/Guardian

NOTE: This needs to be returned to the school in order for your child to use any electronic device, network services or software provided by Sussex County Charter School for Technology.
